ROWMAN LITTLEFIELD, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. This book provides school professionals - including teachers, principals, counselors, psychologists, and administrators - with a practical guide for supporting Muslim students in PK-12 schools. It is important that school professionals are culturally responsive and understand students backgrounds in planning effective instruction and creating safe schools. However, in the post-9/11 world, negative biases and stereotypes permeate mainstream discourses. Muslim students and their families often find themselves in conflict with school practices, procedures, and policies and do not often find themselves represented in the curriculum. This book provides a practical guide to the important issues that may impact the lives and education of Muslim students. This books give essential information about Islam and Muslim students from authentic perspectives. This text will support teachers and other school professionals in their advocacy for all students to provide equitable and just educational opportunities for all students. Beyond basics such as food and clothing requirement, this text advocates for the implementation of anti-bias pedagogy for diverse learners. Through school-based vignettes and case studies, we situate experiences of Muslim students in lived realities and help school professionals think deeply and critically about who their students are and how to engage their experiences in the curriculum.
