

Technology for Social Reform: Activism to Accelerate Human Change (Paperback)

By Michael Holloway King MD

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Although this essay, or pamphlet, is primarily designed for people who are involved with social change- such as activists, political scientists, or social engineers- the content is of great value to any progressive-leaning reader who is concerned about our current social or political landscape. The concept that quantum advances in the neurosciences can not only cure physical and emotional disease states, but can also free individuals from the biological basis of social oppression is shocking to most engaged protest movements. Even more surprising is that social change processes, augmented by literary, psychotherapeutic, and neuro-technological inventions, can also indirectly lead to a mass non-violent resistance movement to block the self-serving agendas of the corporate and financial elite. The essay reveals the biological basis of oppression, and demonstrates how neuroscience research has begun to view social oppression as an almost universal, socially-induced neurological imbalance- designed to create a docile workforce and submissive public. The grave sociopolitical implications of this restrictive impairment for humanity and the world are examined in detail. An alternate future is delineated- based upon implementing treatment for both the physical and...
