Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.God Sent Me is the account of one citizen making himself heard and taking action to preserve constitutional protections in the context of the conflict between evolution science and religion-based creationism. When the public school board in Cobb County, Georgia, glued a disclaimer against evolution into the county's new science textbooks, the implications were clear-separation of church and state and accurate education were at risk. Author Jeffrey Selman, along with several other like-minded citizens and the ACLU, marched into battle with a lawsuit against the forces undermining science education. This narrative shines a light on just what it takes to protect freedom and reminds the average citizen to Wake up and get to work!.
