In a post-Z-fected world, Jake is just an ordinary guy, although slightly more educated and a bit better looking than most young men his age. He has a good job, a nice car, a great apartment, and a relatively pretty girlfriend. He knows all about how to protect himself from the Zombies who would eat the brains of every uninfected human on the planet if their own Z-fected brains functioned any longer and they could figure out how to get past the fence barricades that separate the two groups. A Zombie passing as an uninfected human. No one seems to suspect her secret. When Jake realizes what Windy is, his entire world is tilted off its axis. Despite the fact that she has to eat brains in order to stay alive,...
