Case Studies in e-Government 2.0

By Imed Boughzala

Springer-Verlag GmbH Okt 2014, 2014. Buch. Book Condition: Neu. 241x159x20 mm. Neuware - The goal of this book is to provide a comprehensive, multi-dimensional approach to research and practice in e-government 2.0 implementation. Contributions from an international panel of experts apply a variety of methodological approaches and illustrative case studies to present state-of-the-art analysis and perspectives. Around the world, governments are employing technological advancements to revolutionize their ways of working, resulting in changing relationships among public organizations and their constituents. Important enablers are new uses of information and knowledge-sharing technologies that emerged with the advent of the Web 2.0 paradigm; initially used in the private arena, such user-friendly, participatory, intuitive and flexible Web 2.0 technologies (e.g., blogs, Wikis, RSS, social networking platforms, folksonomy, podcasting, mashups, virtual worlds, open linked data, etc.) are increasingly disseminated within the professional sphere, regardless of organization type or field of activities. Current e-government environments have undergone considerable transformations in an attempt to satisfy the incessant demand for more advanced e-service delivery, better access to information and more efficient government management. Looking to the future, the emergence of Web 2.0, the rise of social networks and the wider dissemination of data and information are expected to...
