

## 85 True/Minor Ecologies (Paperback)

By Kristen Gallagher

Skeleton Man, 2017. Paperback. Condition: New. Language: English . Brand New Book. Fiction. Hybrid Genre. Environmental Studies. While following in the footsteps of Zora Neale Hurston, Kristen Gallagher finds H.P. Lovecraft alive and well in Florida. Written as a series of first-hand accounts from the gooey, disorienting, mutant front lines of climate change, 85 TRUE/MINOR ECOLOGIES explores the eco-horror of everyday-life. In this book, we find a Florida filled with islands of cannibal snakes; starfish devouring their own flesh; poisonous frogs that may or may not have been weaponized by the government; and New Age cultists diving for Ponce de Leon s lost relics. Ranging freely across poetry, fiction, and anthropology, Gallagher constructs a new nature writing in which partial untruth becomes an essential way of expressing the full horror of the slow-death of our world.
