Forgotten Books, United States, 2017. Paperback. Condition: New. annotated edition. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The A-V Bibliography The need for a comprehensive bibliography of the literature on audio-visual instruction has been apparent for the past decade. Only one general index of references has appeared since the publication of Weber s Bibliography on the Use of Visual Aids in Education by the Educational Screen in 1930. An Annotated Bibliography on Visual Education was prepared under the direction of John S. Carroll by the Connecticut State Department of Education s wpa Visual Education Project in 1939. However, the latter had a limited circulation. Since 1939 the published bibliographies have been limited in scope or specialized. For example: Goodman and Jones excellent Selected References on audio-visual Materials. 1948, was planned for correlation with Dale s audio-visual Methods in Teaching; Weinman s Splendid Bibliography on audio-visual Instructional Materials 1947, was prepared for elementary school teachers; and the helpful Bibliography on Motion Pictures in Education, 1940 issued by the University of Chicago s Center for the Study of audio-visual Materials, 1945, was specialized as the title indicates. The a-v bibliography is offered in response to many requests for a comprehensive index of references. It should enable students, teachers and specialists to locate discussions of audio-visual teaching, quickly.
