

War, Resistance and Counter-Resistance in Modern Times (Hardback)

Filesize: 6 MB

Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Cambridge Scholars Publishing, United Kingdom, 2010. Hardback. Book Condition: New. 1st Unabridged. 210 x 148 mm. Language: English . Brand New Book. These essays on war, resistance and counter resistance represent an original approach to understanding how political constraints on human behavior, and the resistance movements to which these restrictions give rise, produce counter-resistant forces which represent new constraints, which in turn often generate new and innovative behaviors which sometimes create new crystallizations of cultural expression and occasionally influence institutions and traditions. This new anthology offers a unique analysis of the important role political constraints play in the production of creative thinking and the development of systematic projects aimed at human liberation. In the preface, Francis Feeley clearly states the purpose of this book, which is to demonstrate how resistance movements have often given birth to counter-resistance measures employed mostly by state agencies aimed at stifling the self-realization of certain groups and promoting the self-realization of other organized interests. The following essays are a composite of writings by political activists, poets, and academic scholars. The introduction offers a brief description of major resistance movements in the United States. This historical overview presents a context for the appearance of the 20th- century resistance movements described in the following chapters. We are alerted from the start that one of the unifying themes of these essays is the dialectical relationship between social movements and political institutions, producing democracy within American institutions ; another theme will be how these social contradictions which generate the growth of democracy have proven time and again to operate beyond the control of capitalist interests both in France and within the United States, thereby giving rise to many species of democratic expression. Gilles Vachon s description of his childhood impressions of Paris under the German occupation offers new insights into...
