

## The Measurement of Differences Between Variable Quantities (Paperback)

By Franz Boas

Read Books, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This early work by Franz Boas was originally published in 1906 and we are now republishing it with a brand new introductory biography. The Measurement of Differences Between Variable Quantities is a treatise on the statistical treatment of biological and psychological measurements. Franz Boas was born on July 9th 1958, in Minden, Westphalia. Even though Boas had a passion the natural sciences, he enrolled at the University at Kiel as an undergraduate in Physics. Boas completed his degree with a dissertation on the optical properties of water, before continuing his studies and receiving his doctorate in 1881. Boas became a professor of Anthropology at Columbia University in 1899 and founded the first Ph.D program in anthropology in America. He was also a leading figure in the creation of the American Anthropological Association (AAA). Franz Boas had a long career and a great impact on many areas of study. He died on 21st December 1942.

### Reviews

*The most effective ebook i possibly go through. I am quite late in start reading this one, but better then never. Its been designed in an extremely basic way and it is just after i finished reading this ebook by which basically transformed me, modify the way i believe.*
