Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

It will not stand on that ground for a minute. Her rare languagegift was perfectly manifest long before she received her first lesson in articulation, and to her previous knowledge was largely due her success in learning to speak—a success without a parallel in one deaf so young, I think it may fairly be said, on either side of the Atlantic. Hundreds of witnesses can testify to her fluency of speech. It is not natural, but it is intelligible—the true test of speech. It would be no more fair to claim Helen Keller as a fair sample of the results of articulation teaching to the deaf than to maintain that Solomon was a fair representative of the graduates of the schools of Jerusalem, or that in inventive talent Thomas Edison is an ordinary specimen of the men of America. No! No school, no method of teaching, no teacher, can claim the merit of Helen Keller's success in acquiring speech. In the rapidity and accuracy with which she gained it she stands alone among all deaf children who have learned speech without the aid of hearing. Taking this child all in all, and making due allowance for every possible aid that has been given her and for all unconscious exaggeration due to friendly admiration, there yet remains so much that is marvellous as to place her beyond comparison with any other child of whom we have ever heard. The whole history...
