It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

iUniverse, United States, 2005. Paperback. Book Condition: New. 223 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****.Edgy. Clever. Emotionally penetrating. A searing portrayal of the 21st century. I think this desk sucked the life outta my ass. Welcome to Mercury High and the opening thoughts of Jimmy--a.k.a. faithful friend, politically-pressured son, younger brother and sarcastic Senior trapped in a skinny body. Jimmy tackles the hot issues of today--Iraq, the family dynamic, drugs, loyalty, freedom of speech, terrorism and other forms of shocking violence--unveiling the true intricacy of love and complexity of hate. From the humorous antics of high school to a world spinning out of control, this is a journey from the very core of America to the outer edge of reason. And through it all, Jimmy must come to terms with the one betrayal he least expected. It s a revelation that poses the ultimate question--what of our tendency to label the world in black and white, right and wrong, us and them.Me and you?.
