Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This publication, Army Doctrine Reference Publication ADRP 1-03 The Army Universal Task List October 2015, provides the structure and content of the Army Universal Task List (AUTL). The AUTL is intended to inform all members of the Profession of Arms of what the Army contributes to the joint force in terms of tasks performed. Additionally, it is intended that proponent training developers use the AUTL to develop more comprehensive training and evaluation outline evaluation criteria for collective tasks and proponent combat developers to better understand the tasks a given unit must perform. The Army Universal Task List (AUTL) describes what well-trained, well-led, and well-equipped Soldiers do for the Nation. While focused on the land dimension, abilities of Army forces complement abilities of other Services. The ability of Army forces to perform tasks builds the credible land power necessary for joint force commanders to preclude and deter enemy action, win decisively if deterrence fails, and establish a rapid return to sustained stability. The AUTL provides a common language and reference system for doctrine, capability, and training developers. Proponents and schools use AUTL tasks, those tasks recommended measures of performance, and the unit's table of organization and equipment to establish unit-specific, collective task training and evaluation outlines. Proponent training and evaluation outlines provide the measurable conditions and standards to be used by commanders in evaluating an organization and individuals abilities to perform these tasks. The AUTL's link to the Universal Joint Task List (UJTL) at tactical, operational, and strategic levels aids analysts and planners in understanding the Army's role and integrating joint operations. The AUTL is a comprehensive, but not all-inclusive listing of Army...
