It is one of my personal favorite books. It is one of the most incredible ebooks I have ever gone through. You will not feel monotony at any moment of your own time (that's what catalogues are for relating to if you ask me).

Oneworld Publications, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book. The First World War was a watershed in world history. Tragic but far from futile, its origins, events and legacy have roused impassioned debate, creating multiple interpretations and confusion for those encountering the period for the first time. Synthesising the latest scholarship, acclaimed historian Gary Sheffield cuts to the heart of the conflict. He explores such key issues as: - the causes of war- the great battles on land, sea and in the air- the search for the peace and peace settlements- the political, social and economic consequences- the impact of total war on the belligerents and the individual- and the place of the Great War in the history of warfare Accessible and authoritative, this is the ultimate introduction for anyone wanting a clear understanding of what happened and why.
