Brand New Book ***** Print on Demand *****.Excerpt from Bees and the Fertilization of Coffee The question of the value of bees in coffee districts was raised at the annual meeting in 1911 of the United Planters Association of Southern India, with particular reference to the effect on outturn of crop caused by the regular destruction of these bees in certain districts (notably the Shevaroyes), such destruction being alleged to cause the very marked diminution in the number of bees which is perceptible in such districts. After some discussion, the following resolution was proposed by the delegate for the Shevaroyes and seconded by the Nilgiri delegate and passed: That Government be asked through the United Planters Association of Southern India to pass some rules prohibiting the destruction of bees in planting districts. 2. The object of this resolution was to prevent or diminish the destruction of the bees themselves but not necessarily to place any impediments on the collection of honey or bees-wax. What was asked for was that Government should enforce rules in the coffee-planting districts to ensure that the bees themselves were not destroyed when their produce was taken. It was considered by the planters that it should be possible to take honey and wax without destroying the bees and that the present method of burning the bees off the combs was adopted simply as entailing the minimum amount of trouble. 3. In reply to this request, instructions were issued by Government that the matter should be investigated by the Entomologist. (See G.O. Mis. No.2062, dated 11th July 1912, and addressed to the Secretary of the United Planters Association.) 4. In order to determine as far as possible the actual importance of...
