To save **Critical Care Medicine Manual** PDF, make sure you follow the web link under and save the ebook or have access to additional information which might be related to CRITICAL CARE MEDICINE MANUAL book.

Book Condition: New. Publisher/Verlag: Springer, Berlin | During the past twelve years, a course on critical care medicine has been sponsored by the Post Graduate Division of the University of Southern California School of Medicine in association with its Center for the Critically Ill. The content of each of the symposia has paralleled the evolution of critical care medicine as a recognized service specialty. The annual program was planned as a teaching session for physicians and allied medical personnel who sought to advance their involvement in this rapidly advancing field. A panel of highly regarded authorities on subjects bearing on critical care medicine, faculty members of the USC School of Medicine, and staff members of our own Center for the Critically Ill at the Hollywood Presbyterian Medical Center serve as faculty of these symposia. Although the primary commitment of the organizers to maintain this as a teaching and demonstration session was not abandoned, the number of annual registrants progressively increased from fewer than 100 to more than 1200, gradually outstripping local hotel facilities in central Los Angeles. The symposium for the past two years has been held in the large and attractive Anaheim Convention Center adjacent to Disneyland. | I. Respiratory Crises.- Respiratory Monitoring.- Mechanics Monitoring.- Tidal Volume.- Pressure, Compliance, and Resistance Monitoring.- Monitoring Inspired and Expired Gases.- Blood-Gas Monitoring.- Blood and Gas Calculations.- Monitoring off the Ventilator.- Future Developments.- References.- Management of Acute Hypoxia and Hypercarbia in the Patient with Advanced Obstructive Airway Disease.- Morphologic Basis for Abnormal Distribution of Ventilation and Perfusion.- Oxygen and Carbon Dioxide Transfer in Chronic Airways Obstruction.- Respiratory Failure in Chronic Airways Obstruction.- Intubation and Artificial Ventilation in Chronic Airways Obstruction.- References.- Humidification, Nebulization, and Bronchodilator Agents.- Pulmonary Clearing Mechanisms.- Heated Humidification.- Nebulization.- Nebulization Equipment.- Clinical Selection.- Mucolytics and Detergents.- Drug...
