

Docker Complete Guide: Easy Start: From Zero to Professional User (Paperback)

By Ryan Lister

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is a guide on how to use the Docker. It begins by explaining how to get started with using the Docker. You will learn how to install the Docker in Mac, Linux and on the Windows operating system. You will also learn how to test whether the installation was successful or not. It is possible to build your Docker image from scratch. This image can then be made publicly available by pushing it to a public repository, or be made to be private by pushing it to a private repository. This explains how to build your own Docker image from scratch. The Docker Hub is also discussed in detail, and you will be shown how to use it. You can also create a Docker environment in Azure. This book guides you on how to do this. You will also find out how to use the Docker Machine and the Azure Driver. The Docker comes with a default subnet for your use. However, you might be using this somewhere else on your network. This calls for you to...

Reviews

Comprehensive guide for publication lovers. it absolutely was writtern really flawlessly and valuable. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for concerning if you ask me).

-- **Rowan Gerlach II**

It becomes an amazing pdf that I actually have ever go through. This is for those who statte that there had not been a worth reading through. You will like how the author create this pdf.
