Watching from Within (Paperback)

By Daniel LaMonte

Kimber Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Watching From Within is set long into a future where thoughts are as physically powerful as deeds. Winding throughout this exciting, time-sliced tale of science fantasy, is a touching love story, a dramatic, high-tech murder investigation and a captivating account of a sect of dreadful zealots, a tech-adverse militia, dead set against the advancement of nanotechnology regardless of its benefit to humankind. In the center of each illusionary, seemingly magic-filled stream, is Dr. Jesse Baine, a young assistant research professor at New Harbor University, caught up in a chaotic nightmare from which he struggles to awaken. He is the kaleidoscopic mind behind the next major stride in the evolution of human technological achievement- whether he knows it or not! Most innovation of humanity began in the depths of kaleidoscopic minds. Whether by innate or induced madness, the genius of multi-dimensional thinking, seemingly illusionary to most, allowed our world s greatest creators to challenge the constraints placed upon them by the leaders of their day. Long before the mainstream understood the slow but steady progression of modern scientific discovery, popular opinion deemed such innovators...
